

The Greeting

The *Greeting* is always performed at the *beginning* of each session, prior to addressing any other area of the body. It seems to establish a harmony between the associate and the recipient.

Use dominant hand to touch both points.

Touch point 1.

Then touch point 2.

Bio-Touch™

The *Greeting* is the only set of points which uses only one hand and the only set which indicates which hand the associate will use. The *Greeting* is performed with the *dominant* hand. If an associate is naturally right handed, use the first two fingers of the right hand to perform the *Greeting*. If left-handed, use the first two fingers of the left hand. If ambidextrous, pick one hand and use this for both points.

Point 1

- Wash your hands before every session.
- Begin every session with the *Greeting*.
- Use only ONE hand - your dominant hand - to perform the *Greeting*.
- Use the first 2 fingers.
- Touch on the skin.
- Use a butterfly-like, light touch.
- Touch each point for 6-8 seconds.

Touch Point “1”

Point “1” is in the fleshy area just below the bottom of the breastbone, or sternum.

Then touch Point “2”

Use the SAME fingers to touch Point “2”.

Point “2” is on the back approximately 1 to 1½ inches to the left of the big bone at the base of the neck. The big bone is shown as a ◇ on the drawing.

Point 2

More than one associate may work simultaneously with a recipient once each associate has completed the *Greeting*. However, if someone who has not performed the *Greeting* touches the recipient or associate, simply perform the *Greeting* again and proceed with the session from where it was interrupted. Follow this same procedure for any other interruption, such as answering the telephone or doorbell.

You are responsible for your actions. The procedures in this manual are employed to address the physical health and well being of the recipient. An associate is careful to assess their capacities and not interfere with the mind or attitude of the recipient. When confronted with any intractable problem beyond the scope of the associate, a competent specialist should be employed.
