

## POSSIBLE ENHANCEMENT “Extra Neck”

**Note:** The express purpose of this sheet is simply to encourage practitioners’ creativity in their approach to applying enhancements and local work. For complete instruction of the Bio-Touch points refer to the *Bio-Magnetic Touch Healing/Bio-Touch Manual*. For further discussion of Enhancements & Local Work, please see pages 28 & 29.

This possible enhancement is one idea for helping address problems in the upper extremities - arms, hands, fingers, as well as around the Big Bone (marked by a diamond), carpal tunnel, etc.

**Step 1** - Hold “X” on front of muscle while other hand works points “1”-“3”.
