

WHAT DOES MEMBERSHIP IN AN ORGANIZATION MEAN TO YOU?
STUDENT RESPONSE

Membership in the International Foundation of Bio-Magnetics helps support the activity of Service. “The best way to find yourself is to lose yourself in the service of others.” Mahatma Gandhi

Here are some other responses from class participants:

- There is the ongoing feeling that I am supporting the Foundation and its purpose.
- It is rewarding being a part of something bigger.
- Membership helps break my feeling of being isolated.
- Foundation membership is a constant reinforcement that I am being supported.
- It reminds me that I am accepted just as I am and that I have a contribution to make.
- I like contributing to a healthier environment by addressing pain without medication

Membership is the way to share in this high idea without necessarily having to learn the Bio-Touch technique. It offers the opportunity to be a part of a worthwhile organization and community that changes the lives of others. Membership in the Foundation also allows each member to take advantage of the benefits offered. This class is about those benefits available in the form of services that we offer Foundation members.

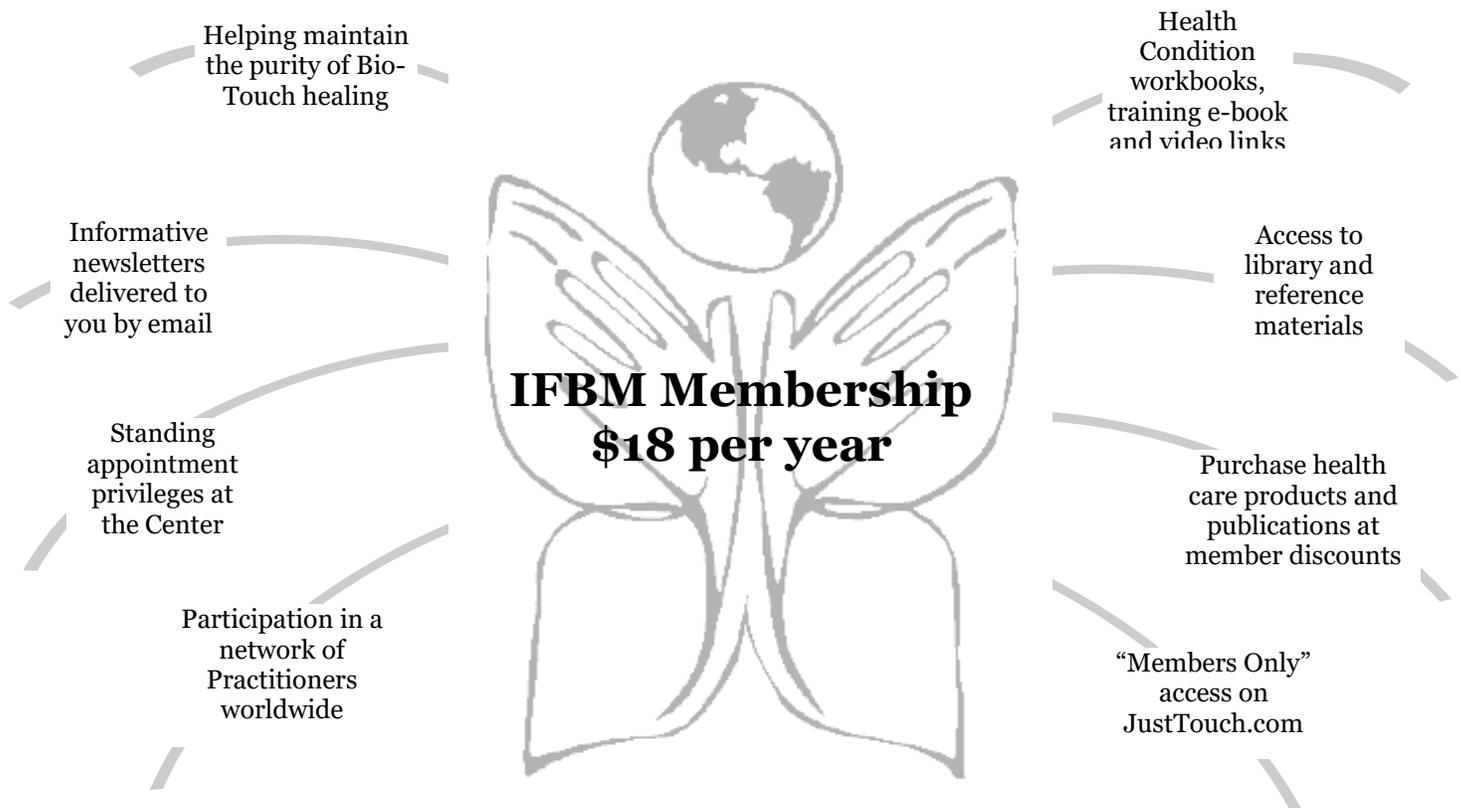

The price of Membership is \$18.00 per year. Membership benefits are listed in the chart below. What we would like to emphasize is that each member gets a free copy of the training e-book with links to the video. This is the easiest way for people to immediately learn and practice Bio-Touch. A benefit the Foundation offers Certified Practitioners is to keep \$8 of the membership fee that is collected. The Certified Practitioner only needs to send \$10 with the member's name and email to the Foundation.

International Foundation of Bio-Magnetics
a nonprofit, tax-exempt educational foundation

Your Membership Support is Vital to **Sharing Bio-Touch Globally**

IFBM volunteers share Bio-Touch through its many programs including; sessions free of charge at the Tucson Center, classes, outreach programs, research, worldwide practitioner support, and our ever growing, ever evolving website JustTouch.com. We are very pleased to offer the Member Benefits & Services listed here:

Our Mission: to teach Bio-Touch™, an application of the universal principle "Love thy Neighbor," as a means to alleviate pain and stress, and support good health through all stages of life.

Our Vision: to encourage all people to take responsibility for their own healthcare, empower them to assist others and create a community of people worldwide dedicated to service, self-awareness and recognizing the equality of all humanity—thus forming a chain which shall go on indefinitely.

NOTE: IFBM honors and respects the privacy of its members. Therefore, IFBM does not sell or share its Membership List with anyone, ever, at all!

The other major benefit to our members is the sale of high quality supplements at reasonable prices. This benefit is only available in the United States, because shipping would be prohibitive to send globally. If the cost of shipping is not an issue to our International members, we could work with them.

Since we do not diagnose, suggest or make recommendations to recipients why do we offer products to members?

We offer these products for member's personal care as they grow in self-awareness and begin to understand the changes and needs of their bodies. Though we do not recommend, we offer the wonderful book, "Prescription for Nutritional Healing" by Phyllis A. Balch, which gives everyone the opportunity to research their ailments and products they might use to supplement their healthcare.

Information about products available through the Foundation can be viewed with the following link. You will need to sign in as a member, which uses your email address as the User Name and your Password. If you have any further questions, please feel free to contact the Foundation.

REQUIRED HANDS-ON PRACTICE

See Certification Program Hands-On Form you received in the first lesson. Focus on the points listed next to Group #7. Write in the suggested points that can be touched to address these specific conditions and add any you believe would also be helpful. See pages 44-45 in the manual.
