

ENERGY PRACTITIONER APPLICATION PROCESS & INSURANCE OPPORTUNITY

Go to: National Certification Center of Energy Practitioners

<https://nccoep.org/forms-for-application/>

There are eleven divisions. Bio Touch fits in either Laying on of Hands or Cognitive Somatic Energy Practices. Practitioners who are trained in more than one style of work or division can apply for all they are trained for with a single fee and set of exams

Hands on Healing – Ethics, Standard of Practice and Anatomy are included in the Certification Program so there is no other test needed. After Certification, you must get two Practical/Empirical Documentation Forms signed by Instructors or Certified Practitioners who have checked your practice using Bio-Touch correctly.

Cognitive-Somatic approval has two other tests to take for Ethics & Standards of Practice, which are downloaded at <https://nccoep.org/exams-and-exam-centers/>. There are extra fees for those.

Once you have completed all requirements, fill out Form send that in with the Processing Fee, minus 20% (Use Code NAOEP20)

You will receive certificate saying you are a nationally certified practitioner. Use the EHP-C (Energy Healing Practitioner – Certified) designation at the end of your name. It is the equivalent to an RN or MD but for energy practitioners (statement made by NCCOEP).

LIABILITY INSURANCE

Coverage is available through Energy Medicine Professional Association
